### **Independent Auditors' Report**

**To the Members of Solarworld Energy Solutions Limited**  
(Formerly known as Solarworld Energy Solutions Private Limited)

### **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the accompanying standalone financial statements of **Solarworld Energy Solutions Limited (formerly known as Solarworld Energy Solutions Private Limited)** (the Company") which comprise the balance sheet as at March 31, 2025, the statement of profit and loss (including other comprehensive income), statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### **Information other than the Standalone Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director Report's but does not include the standalone financial statements and our auditor's report thereon. The Director Report's is expected to be made available to us after the date of this auditors' report. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Director Report's, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

New Delhi -110044

### **Management's Responsibilities for the Standalone Financial Statements**

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, specified under section 143(10) of the Act we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to

modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
  - (c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), Standalone statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
  - (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V of the Act and the rules thereunder.
  - (g) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under section 143(3)(b) of the Act and paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);

- (h) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
  - (i) The Company has disclosed the impact of pending litigations as at March 31, 2025 on its financial position in its standalone financial statements. Refer note 44 to the standalone financial statements.
  - (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts. The Company did not have any derivative contracts.
  - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.
  - (iv) (a) The Management has represented, that, to the best of its knowledge and belief, as disclosed in note 48 of the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - (iv) (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in note 48 of the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
  - (iv) (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
  - (v) The Company has not declared or paid any dividend during the year ended March 31, 2025.
  - (vi) Based on our examination, which included on test checks basis, the Company has used an accounting software for maintaining its books of accounts for the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility and the same has been operating for all relevant transactions recorded in the software except for the period April 01, 2024 to April 28, 2024 and in addition there is no audit trail at database. However, due to the inherent limitation of the accounting software, we are unable to comment whether there were any instances of the audit trail feature been tampered during the audit period.

**Annexure A to the Independent Auditor's Report to the Members of Solarworld Energy Solutions Limited  
on the standalone financial statement for the year ended March 31, 25.**

**Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2020 (the 'Order') issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 (the 'Act') as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.**

(i). (a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company does not have any intangible assets and accordingly, reporting under clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular program of physical verification of its property, plant and equipment by which all property, plant and equipment are verified in a phased manner over a period of two years. In accordance with this program, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee), are held in the name of the Company as at the balance sheet date.

(d) According to the information and explanations given to us the Company has not revalued its property, plant and equipment. Further, the Company does not hold any right of use assets and intangible assets. Accordingly, reporting requirement under clause 3(i)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, there are no proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.

(ii). (a) According to the information and explanations given to us, and on the basis of our examination of records of the Company, physical verification of the inventory has been conducted at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such physical verification when compared with books of account.

(b) According to the information and explanations given to us, and on the basis of our examination of records of the Company, the Company has been sanctioned working capital limits in excess of Rs. 50 million, in aggregate, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, quarterly statements filed with such banks financial institutions are not in agreement with the books of account of the Company (refer note 48 of standalone financial statements). Details of the same are as below:

(iii) The Company has made investment in, provided guarantee and granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year, in respect of which information is mentioned below:

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has not provided loans, advance in nature of loans, stood guarantee, and provided security to companies, firms, limited liability partnership or any other parties except as mentioned below:

Particulars	Loans or advances in nature of loans	Guarantees	(Rs. in million)
<b>A. Aggregate amount granted / provided during the year:</b>			
- Subsidiary	599.32	900.00	
- Joint ventures	210.10	-	
- Others	132.00	-	
<b>B. Balance outstanding as at balance sheet date in respect of above cases (including opening balance):</b>			
- Subsidiary	545.18	660.16	
- Joint ventures	215.21	2.78	
- Others	-	65.42	

(b) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, the investments the terms and conditions of the grant of loans and advances in the nature of loans and guarantees provided are not prejudicial to the interest of the Company.

- (c) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, in respect of loans and advances in the nature of loans, there is no stipulated schedule of repayment of principal and payment of interest on loans granted by the Company and the said loans are repayable on demand. Further loan has been repaid during the year when demanded. There has been no default on the part of the party to whom the money has been lent.
- (d) According to the information and explanations given to us, and on basis of our examination of the records of the company, there is no overdue amount for more than ninety days in respect of loans and advances in the nature of loans.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to same parties.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion ,the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment except for the following loans or advances in the nature of loans to its promoters and related parties as defined in Clause (76) of Section 2 of the Act:

Particulars	All parties	Promoters	Related parties	(Rs. in million)
<b>A. Aggregate of loans/advances in nature of loans (including opening balance):</b>				
- Repayable on demand (A)	760.39	-	760.39	
- Agreement does not specify any terms or period of repayment (B)	-	-	-	
<b>Total (A+B)</b>	760.39	-	760.39	
Percentage of loans/advances in nature of loans to the total loans	100%	-	100%	

- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investment made, loan given, and guarantee provided by the Company, the provisions of Section 185 and 186 of the Act have been complied. The Company has not provided any security as specified under section 186 of the Act.
- (v) According to the information and explanation given to us, and on the basis of our examination of records of the Company, the Company has neither accepted any deposits from the public, nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Excise Duty, Value Added Tax, Sales Tax, Service Tax, Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute except the following:

(Rs. in million)

Name of the statute	Nature of dues	Gross amount	Amount paid under protest	Period to which the amount relates	Forum where dispute is pending
Income tax Act, 1961	Income tax	7.71	-	Financial year 2022-23	Commissioner of Income-tax (Appeals)

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961, as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, term loans were applied for the purpose for which the loans were obtained.

(d) According to the information and explanations given to us and on an overall examination of standalone financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates and joint venture defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, associate and joint venture.

(x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has made preferential allotment or private placement of shares during the year. For such allotment of shares, the Company has complied with the requirements of section 42 and section 62 of the Act, and the funds raised have been, *prima facie*, applied by the Company during the year for the purposes for which the funds were raised. The unutilized amount of Rs.874.25 million

has been temporarily invested in fixed deposits. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.

- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no report under sub-section (12) of section 143 of the Act, has been filed by cost auditor/ secretarial auditor or by us in Form ADT- 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company as per the provisions of the Act. Therefore, the requirement to report on Clause 3(xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial/ housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CICs, which are part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred cash losses during the current financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios disclosed in note 45 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company.

(xxi) The reporting under clause 3(xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

**Annexure B to the Independent Auditor's Report of even date to the members of Solarworld Energy Solution Limited (formerly known as Solarworld Energy Solutions Private Limited) on the standalone financial statements for the year ended March 31, 2025.**

**Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

(Referred to in paragraph 2(h) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls with reference to standalone financial statements of **Solarworld Energy Solutions Limited (formerly known as Solarworld Energy Solutions Private Limited)** (the "Company") as of March 31, 2025, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility and those charged with governance for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India('ICAI')".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' responsibility for the audit of the Internal Financial Controls with reference to Standalone Financial Statements**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

**Meaning of Internal Financial Controls with reference to Standalone Financial Statements**

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A

**S S KOTHARI MEHTA & CO. LLP**  
Chartered Accountants  
Firm's Registration No. 000756N/N500441  
Plot No. 68, Okhla Industrial Estate Phase-III  
New Delhi -110020

**DARPN AND COMPANY**  
Chartered Accountants  
Firm's Registration No. 016790C  
B-47, Gali No. 4, Mohan Baba Nagar, Badarpur,  
New Delhi -110044

Company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Standalone Financial Statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial controls with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note.

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

**1. Corporate Information**

**Solarworld Energy Solutions Limited** Formerly known as (Solarworld Energy Solutions Private Limited) ('the Company') is a private limited company domiciled in India & was incorporated on July 17, 2013, under the provisions of Companies Act-2013 ('the Act') applicable in India. The registered office of the Company is located at 501, Padma Palace, 86, Nehru Place, South Delhi, New Delhi-110019, India. The Company is principally engaged in the business of solar power plant set up, engineering, procurement and construction (EPC) etc.

The Company has been converted from Private Limited Company to Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting ('EGM') of the shareholders of the Company held on August 24, 2024, and consequently the name of the Company has been changed to Solarworld Energy Solutions Limited pursuant to a fresh certificate of incorporation issued by the Registrar of Companies on September 23, 2024.

The standalone financial statements of the Company for the year ended March 31, 2025, are approved for issue by the Company's Board of Directors on July 04, 2025

**2. Basis of preparation, measurement and material accounting policies**

**A. Statement of compliance and basis of preparation**

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

**Basis of measurement**

The standalone financial statements are prepared on going concern, accrual and historical cost basis except for the following assets and liabilities which have been measured at fair value:

- Defined benefit plans-plan assets measured at fair value.
- Certain financial assets and liabilities measured at fair value
- Share-based payments measured at fair value.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**B. Functional & presentational currency**

The standalone financial statements have been presented in Indian Rupees (Rs. or INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest millions and decimals thereof, unless otherwise mentioned.

**C. Current vs non-current classifications**

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

The Company presents assets and liabilities in the financial statements based on current / non-current classification.

**An asset is classified as current when it satisfies any of the following criteria:**

- a) it is expected to be realized in, or is intended for sale or consumption in, the Company normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

**A liability is classified as current when it satisfies any of the following criteria:**

- a) it is expected to be settled in the Company normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

Deferred tax assets and liabilities are classified as non-current only.

**D. Use of estimates, assumptions and judgements**

The preparation of the standalone financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the standalone financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

**Material accounting policies**

**E. Fair value measurement**

## **Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- **Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

### **F. Revenue recognition**

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. When a performance obligation is satisfied, the revenue is measured at the transaction price which is consideration received or receivable, net of returns and allowances, trade discounts and volume rebates after taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

When another party is involved in providing goods or services to a customer, the Company determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e., the Company is a principal) or to arrange for the other party to provide those goods or services (i.e., the Company is an agent). When the Company considers itself as a principal and satisfies its performance obligation in a given arrangement, the Company recognizes revenue in the gross amount of consideration to which it expects to be entitled in exchange for those goods or services transferred. When the Company considers itself as an agent and satisfies its performance obligation in a given arrangement, the Company recognizes revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the other party to provide its goods or services. The Company's fee or commission is the net amount of consideration that the Company retains after paying the other party the consideration received in exchange for the goods or services to be provided by that party.

The Company derives revenues primarily from sale of solar modules, solar cells, solar accessories and construction/project related activity, engineering, procurement and construction (EPC) and operation and maintenance.

#### **Revenue from sale of goods**

Revenue is recognized at point of time when the control of the same is transferred to the customer and it is probable that the Company will collect the consideration to which it is entitled for the exchanged goods. The point at which control passes is determined based on the terms and conditions by each customer arrangement.

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

**Revenue from construction/project related activity**

Contract revenue is recognized over time to the extent of performance obligation satisfied and control is transferred to the customer. Contract revenue is recognized at allocable transaction price which represents the cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs. With respect to contracts, where the outcome of the performance obligation cannot be reasonably measured, but the costs incurred towards satisfaction of performance obligation are expected to be recovered, the revenue is recognized only to the extent of costs incurred.

**Revenue from operation and maintenance**

Revenue from operation & maintenance is recognized as the proportion of the total period of services contract that has elapsed at the end of the reporting period.

For contracts where the aggregate of contract cost incurred to date plus recognized profits (or minus recognized losses as the case may be) exceeds the progress billing, the surplus is shown as contract asset and termed as "Unbilled revenue". For contracts where progress billing exceeds the aggregate of contract costs incurred to-date plus recognized profits (or minus recognized losses, as the case may be), the surplus is shown as contract liability and termed as "Excess of billing over revenue". Amounts received before the related work is performed are disclosed in the balance sheet as contract liability and termed as "Advances from customer". The amounts billed on customer for work performed and are unconditionally due for payment i.e. only passage of time is required before payment falls due, are disclosed in the balance sheet as trade receivables. The amount of retention money held by the customers pending completion of performance milestone is disclosed as part of contract asset and is reclassified as trade receivables when it becomes due for payment.

**Contract balances**

**(i) Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or the amount is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

**(ii) Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

**(iii) Contract assets**

A contract asset is the right to consideration in exchange for goods or services transferred to customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

**G. Other income**

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

Interest Income from bank deposits and loan:

Interest income is accrued on a time proportion basis by reference to the principal outstanding and the effective interest rate.

Other items of income are accounted as and when the right to receive arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

**H. Property, plant and equipment****i) Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses if any, cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Capital work- in- progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

**ii) Subsequent expenditure**

Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the standalone statements of profit and loss for the period during which such expenses are incurred.

**iii) Depreciation and useful lives**

Depreciation on property, plant and equipment is calculated on a straight-line basis over the estimated useful life of property, plant and equipment which coincide with Schedule II to the Companies Act, 2013. Estimated useful life of the assets is given below:

<b>Tangible assets</b>	<b>Useful life</b>
Plant and equipment	8-15 Years
Furniture and fixtures	10 Years
Office equipment	5 Years
Computers	3 Years
Motor vehicles	8-10 Years

**iv) Gain and loss on disposal of item of property, plant and equipment**

Property, plant and equipment are eliminated from standalone financial statements, either on disposal or when retired from active use. Losses/gains arising in case retirement/disposals of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

**v) Residual values**

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

**I. Inventories**

Inventories are stated at the lower of cost and net realizable value.

- a) Raw materials, components, construction materials, stores, spares and loose tools: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on cost is determined on 'First in First Out' ("FIFO") method.
- b) Cost of finished goods include cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on 'First in First Out' ("FIFO") method.
- c) Cost of traded goods include purchase cost and inward freight. Costs are determined on 'First in First Out' ("FIFO") method.

Assessment of net realizable value is made at each reporting period end and when the circumstances that previously caused inventories to be written-down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the write-down, if any, in the past period is reversed to the extent of the original amount written-down so that the resultant carrying amount is the lower of the cost and the revised net realizable value.

**J. Financial instruments**

Financial assets and/or financial liabilities are recognized when the Company becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at fair value excepting for trade receivables not containing a significant financing component are initially measured at transaction price. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such financial assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in profit or loss.

In case of funding to subsidiary companies in the form of interest free or concession loans and preference shares, the excess of the actual amount of the funding over initially measured fair value is accounted as an equity investment.

A financial asset and a financial liability are offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognized amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

**Subsequent measurement of financial assets and financial liabilities is described below.**

**I. Financial assets** Classification and subsequent measurement for the purpose of subsequent measurement, financial assets are classified into the following categories upon initial recognition:

## **Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

**(i) Financial assets at amortized cost** – a financial instrument is measured at amortized cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method.

**(ii) Financial assets at fair value**

Investments in equity instruments – All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at fair value through profit and loss ("FVTPL"). For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income ("FVOCI") or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Dividends on such investments are recognized in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit or loss.

### **De-recognition of financial assets**

Financial assets (or where applicable, a part of financial asset or part of a Company of similar financial assets) are derecognized from the standalone statement of Assets and Liabilities when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. The Company also derecognizes the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

## **II. Financial liabilities**

### **Initial recognition**

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in standalone statement of profit and loss.

### **Subsequent measurement**

After initial recognition, the financial liabilities are subsequently measured at amortized cost using the effective interest rate ("EIR") method.

Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The effect of EIR amortization is included as finance costs in the standalone statement of profit and loss.

### **De-recognition of financial liabilities**

## **Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

**CIN: U15100DL2013PTC255455**

**Notes to standalone financial statements for the year ended March 31, 2025**

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the standalone statement of profit and loss.

### **III. Impairment of financial assets**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at FVTPL.

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

Outstanding customer receivables are regularly monitored. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical data and ageing of accounts receivable. The Company creates allowance for unsecured receivables based on historical credit loss experience, industry practice and business environment in which the entity operates and is adjusted for forward looking Statement. Subsequently when the Company is satisfied that no recovery of such losses is possible, the financial asset is considered irrecoverable and the amount charged to the allowance account is then written off against the carrying amount of the impaired financial asset.

### **IV. Impairment of non-financial assets**

As at the end of each financial year, the carrying amounts of PPE, investment property, intangible assets and investments in subsidiary, associate and joint venture companies are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, PPE, investment property, intangible assets and investments in subsidiary, associate and joint venture companies are tested for impairment so as to determine the impairment loss, if any. Goodwill is tested for impairment each year. Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined:

- (i) in the case of an individual asset, at the higher of the fair value less costs of disposal and the value-in-use; and
- (ii) in the case of a cash generating unit (the smallest identifiable group of assets that generates independent cash flows), at the higher of the cash generating unit's fair value less costs of disposal and the value-in-use. (The amount of value-in-use is determined as the present value of estimated future cash flows from the continuing use of an asset, which may vary based on the future performance of the Company and from its disposal at the end of its useful life. For this purpose, the discount rate (post-tax) is determined based on the weighted average cost of capital of the Company suitably adjusted for risks specified to the estimated cash flows of the asset). If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognized immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. When an impairment loss recognized earlier is subject to full or partial reversal, the carrying amount of the asset (or cash generating unit), except impairment loss

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

allocated to goodwill, is increased to the revised estimate of its recoverable amount, such that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss (other than impairment loss allocated to goodwill) is recognized immediately in the Statement of Profit and Loss.

**V. Loans and borrowings**

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in the statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

**De-recognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

**K. Provisions, contingent liabilities & contingent assets**

**General**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Long-term provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money. Short term provisions are carried at their redemption value and are not offset against receivables from reimbursements.

**Contingent liabilities**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

**Contingent assets**

A contingent asset is not recognized unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the Ind AS financial statements.

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

**Onerous contract**

Provision for onerous contracts, i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

**L. Cash and cash equivalents**

Cash & Cash Equivalents in the comprise cash at banks and cash on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

**M. Cash flow statement**

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The standalone cash flows from operating, investing and financing activities of the Company are segregated. Certain arrangements entered with financiers have been classified as borrowings by the Company. The Company presents cash outflows to settle the liability arising from financing activities in its statement of cash flows.

**N. Share capital**

Financial instruments issued by the Company are classified as equity only to the extent that they do not meet the definition of a financial liability or financial asset. The Company's ordinary shares are classified as equity instruments.

**O. Income tax**

**Current tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income ("OCI") or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate

**Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit under Income-tax Act, 1961. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**P. Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

**Q. Earnings per share**

**(i) Basic earnings per share**

Basic Earnings Per Share ('EPS') is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity share outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares.

**(ii) Diluted earnings per share**

Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included.

**R. Segment reporting**

The Company has engaged in the business of providing Engineering, Procurement and Construction (EPC) and has only reportable segment in accordance with IND AS-108 'Operating Segment'. The Statement relating to this operating segment is reviewed regularly by the Board of Directors to make decisions about resources to be allocated and to assess its performance. The accounting principles used in

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

the preparation of the financial statements are consistently applied to record revenue and expenditure in the segment and are as set out in the material accounting policies.

**S. Employee benefits**

**i. Short term employee benefits**

Employee benefits such as salaries, wages, short-term compensated absences, bonus, ex-gratia and performance-linked rewards falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are expensed in the period in which the employee renders the service

**ii. Post-employment benefits**

**a) Provident fund**

The Company's state governed provident fund scheme, employee state insurance scheme and employee pension scheme are defined contribution plans. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the service. The Company has no obligation, other than the contribution payable to the provident fund. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

**b) Defined benefits plan**

**Gratuity**

The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the payment of gratuity Act, 1972. Gratuity liability is a defined benefit obligation and is provided on the basis of its actuarial valuation based on the projected unit credit method made at each balance sheet date.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

**Short-term and other long-term employee benefits**

The Company records all short-term obligation for such compensated absences as well as performance bonus on the basis of amount paid in the period during which the services are rendered by the employees, all such expenses are recognized in the period in which they actually arise.

**T. Foreign currency transactions and balances:**

Transactions in foreign currencies are initially recorded by the Company at its functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

## **Solarworld Energy Solutions Limited**

**Formerly known as (Solarworld Energy Solutions Private Limited)**

**CIN: U15100DL2013PTC255455**

**Notes to standalone financial statements for the year ended March 31, 2025**

Monetary assets and liabilities denominated in foreign currency are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at the fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of transaction.

### **U. Leases**

#### **Identifying leases**

The Company assesses at contract inception whether a contract is or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease contracts entered by the Company majorly pertain for premises and equipment taken on lease to conduct its business in the ordinary course.

#### **Company as a lessee**

The Company had adopted Ind AS 116 "Leases" using the modified retrospective approach by applying the standard to all leases existing at the date of initial application. The Company also elected to use the recognition exemption for lease contracts that, at the commencement date, have a lease term of twelve months or less and do not contain a purchase option ("short-term leases") and lease contracts for which the underlying asset is of low value other than land. ("low value assets"). The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### **Right-of-use assets**

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in "Impairment of non-financial assets".

#### **Lease liabilities**

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

**Notes to standalone financial statements for the year ended March 31, 2025**

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**Short-term leases and leases of low-value assets**

The Company has applied the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option) and low-value assets recognition exemption.

**V. Share-based payments**

Senior executives and employees of the Company receive remuneration in the form of share-based payments, whereby they render services as consideration for equity instruments (equity-settled transactions). The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting year, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognized in standalone statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity settled employee benefits reserve.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of options, but the likelihood of the conditions being met is assessed as part of the Company best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an options, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an option and lead to an immediate expensing of an option unless there are also service and/or performance conditions.

No expense is recognized for options that do not ultimately vest because non-market performance and/or service conditions have not been met. Where options include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied. When the terms of an equity-settled options are modified, the minimum expense recognized is the grant date fair value of the unmodified option, provided the original vesting terms of the option are met. An additional expense, measured as at the date of modification, is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an option is cancelled by the entity or by the counterparty, any remaining element of the fair value of the option is expensed immediately through profit or loss.

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

**Notes to standalone financial statements for the year ended March 31, 2025**

When the terms of an equity-settled award are modified, the minimum expense recognized is the grant date fair value of the unmodified award, provided the original vesting terms of the award are met. An additional expense, measured as at the date of modification, is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the Company or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

**W. Significant management judgement in applying accounting policies**

When preparing the standalone financial statement, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses

**Income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**Useful lives of depreciable assets**

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**Actuarial valuation**

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognized in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account discount rate, salary growth rate, expected rate of return, mortality and attrition rate. Statement about such valuation is provided in notes to the standalone financial statement.

**Impairment of non-financial assets**

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

**Contingencies**

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claim/ litigation against Company as it is not possible to predict the outcome of pending matters with accuracy.

**Solarworld Energy Solutions Limited**

Formerly known as (Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PTC255455

Notes to standalone financial statements for the year ended March 31, 2025

16

**Share-based payments**

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimation requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The Black Scholes valuation model has been used by the Management for share based payment transactions.

**Revenue recognition**

For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

**X. Recent accounting pronouncements and changes in accounting standards**

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements. On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. There will be no material impact on the standalone financial statements of the Company.

\* The Company has incorporated Solarworld BESS One Private Limited having issued and paid up capital of Rs 0.10 millions on March 04, 2025. The Company is having 100% equity shares and thereby holds 100% voting rights in Solarworld BESS One Private Limited. Thereby, it is treated as a wholly owned subsidiary Company.

\*\* The Company has incorporated Znshine Solarworld Private Limited having issued and paid up capital of Rs.1.00 millions on May 22, 2024. The Company is having 100% voting rights in Znshine Solarworld Private Limited. Thereby it will be treated as subsidiary Company.

\*\*\* The Company acquired 1,000 shares, constituting 100% of the issued and paid up share capital of Kartik Solarworld Private Limited at a consideration of Rs. 0.01 millions on September 23, 2024. The Company is having 100% voting rights in Kartik Solarworld Private Limited. Thereby it will be treated as subsidiary Company.

\*\*\*\* Until March 25, 2025, the Company held 100% equity shares in Ortusun Renewable Power Private Limited and controlled the voting interests and consolidated Ortusun Renewable Power Private Limited as a subsidiary. On March 25, 2025, the subsidiary issued new shares to the Company and the new investors. Ortusun Renewable Power Private Limited issued 9,83,341 new equity shares of face value of Rs. 10 each at a consideration of Rs. 103.12 per equity share. Pursuant to the terms of the investment agreement entered into by the Company, the Company determined that it now has joint control over Ortusun Renewable Power Private Limited as the appointment of its directors and the allocation of the voting rights for key business decisions now require approval of the Company and one of the investor as specified in the agreement. This resulted in the Company's loss of control over its subsidiary, with the investment now reclassified as a joint venture.

#During the year ended March 31, 2025 the Company sold 13,50,000 equity shares of Ankita Agro and Food Processing Private Limited (AAFPPL) on April 10, 2024 for a consideration of Rs. 51.93 millions thereby recognizing a profit of Rs. 38.43 million on sale of investments.

	<b>370.69</b>	<b>3.20</b>

\* The Company has increased its authorised share capital from Rs. 10.00 millions to Rs. 450.00 millions after the approval from the shareholders in the meeting held on August 22, 2024.

**Terms/rights attached to equity shares**

- i) The Company has only one class of equity shares, having a par value of Rs. 5/- per share. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. Each shareholder is eligible to one vote per share held. The equity shareholders are entitled to receive dividend as declared from time to time.
- ii) In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company in proportion to number of equity shares held by shareholders, after the distribution of all preferential amounts.
- iii) The aggregate number of equity shares allotted as fully paid up by way of bonus shares in immediately preceding five years ended March 31, 2025 are 7,03,09,400.
- iv) The Company has not allotted any fully paid up shares pursuant to contract without payment being received in cash.
- v) The Company has not bought back any shares during the period of five years immediately preceding the current year end.

**A Reconciliation of the number of shares outstanding at the beginning and at the end of the reporting year**

 Notes forming part of the standalone financial statements for the year ended March 31, 2025  
 (Amounts are ₹ in millions unless otherwise stated)

**35 Earnings per share (EPS) computed in accordance with Ind AS 33 "Earnings Per Share"**

Basic EPS is calculated by dividing the profit/(loss) for the period attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a rights issue and share split that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted EPS is calculated by dividing the profit attributable to equity shareholders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following is a reconciliation of the equity shares used in the computation of basic and diluted earnings per equity share:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Net profit for the year attributable to equity shareholders (in Rupee) (a)	876.35	487.01
Number of equity share at the beginning of the year	3,20,000	3,20,000
Add : Share issued during the year	31,547	-
Add : Stock split ratio 1:2	3,51,547	6,40,000
Add : Bonus shares issued during the year	7,03,09,400	6,40,00,000
Add: Share issued through private placement	31,24,548	-
Number of equity share at the end of the year	7,41,37,042	6,46,40,000
Weighted average number of equity shares outstanding during the year- Basic (b)	7,21,30,739	6,46,40,000
Weighted average number of equity shares outstanding during the year-Diluted (c)	7,21,52,224	6,46,40,000
Face value of equity shares (Rs. per share)	5.00	5.00
Earnings per Share (Basic) (Rs.) (a/b) *	12.15	7.53
Earnings per Share (Diluted) (Rs.) (a/c) *	12.15	7.53

\* In line with the requirements of Ind AS 33, the basic and diluted earnings per share for the current year presented have been calculated/ restated after considering the share split and bonus issue.

**36 Disclosure pursuant to IND AS - 19 - Employee benefits expense**

**(A) Defined contribution plans**

The Company makes contributions, determined as a specified percentage of employees salaries, in respect of qualifying employees towards provident fund, which is a defined contribution plan. The Company has no further obligations towards specified contributions. The contributions are charged to the standalone statement of profit and loss account as and when they accrue. The Company recognised Rs. 3.42 million (March 31, 2024: 0.23 million) for provident fund and other funds contributions in the standalone statement of profit and loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

**(B) Post employment benefit plans: The Company has the following defined benefit plans.**

Gratuity: In accordance with the applicable laws, the Company provides for gratuity, a defined benefit retirement plan ("The Gratuity Plan") covering eligible employees. The gratuity plan provides for a lump sum payment to vested employees on retirement, death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. Liabilities with regard to the gratuity plan are determined by actuarial valuation on the reporting date.

**38 Financial instruments**

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet items that contain financial instruments.

The details of material accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in the standalone financial statements.

**(a) Financial assets and liabilities**

The following table shows the carrying amounts and fair values of financial assets and financial liabilities. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

**38.1 Category-wise classification of financial instruments**

	As at March 31, 2025	FVTPL*	Amortised Cost	Total Carrying Value
<b>A. Financial assets</b>

\* Fair value through profit and loss

**1. The following methods and assumptions were used to estimate the fair values:**

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:

a) recognized and measured at fair value

b) measured at amortized cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

**2. For assets and liabilities which are measured at fair value as at balance sheet date, the classification of fair value calculations by category is summarised below:**

Particulars	Level 1	Level 2	Level 3	Total
<b>As at March 31, 2025</b>				
Investment in mutual fund				-
<b>As at March 31, 2024</b>				
Investment in mutual fund	0.17			
<b>Transfers between Level 1, Level 2 and Level 3</b>				

There were no transfers between Level 1, Level 2 or Level 3 during the year ended March 31, 2025

Note: The above information should be read with summary of basis of preparation and material accounting policies as disclosed in note no 2.

**Determination of fair values**

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The carrying amounts of current borrowings at fixed rate and other borrowings at floating rate of interest are considered to be close to the fair value.

**Solarworld Energy Solutions Limited**

**38 Financial instrument- Fair values and risk management (continued)**

The Chief Operating Decision Maker (CODM) being the Board of Directors (Board) has overall responsibility for the establishment and oversight of the Company risk management framework. Board of Directors regularly reviews the changes in the market conditions, management policies and procedures and the adequacy of risk management framework in relation to the risks faced by the Company. The framework seeks to identify, assess and mitigate financial risk in order to minimize potential adverse effects on the Company's financial performance.

In the course of its business, the Company is exposed primarily to fluctuations in foreign currency exchange rates, interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments.

The Company has exposure to the following risks arising from financial instruments:

- 1) Credit risk
- 2) Liquidity risk
- 3) Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

**1) Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, cash and cash equivalents, bank deposits and other financial assets.

**Credit risk exposure**

The following table shows the exposure to the credit risk at the reporting date:

**March 31, 2025**

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of provision
Cash & cash equivalents	100.70	-	100.70
Bank balance other than cash and cash equivalents	1,098.30	-	1,098.30
Trade receivables	1,586.57	144.05	1,442.52
Other financial assets	962.16	-	962.16
Loans	760.39	-	760.39
Investments	75.21	-	75.21

**March 31, 2024**

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of provision
Cash & cash equivalents	203.81	-	203.81
Bank balance other than cash and cash equivalents	201.23	-	201.23
Trade receivables	302.03	-	302.03
Other financial assets	613.82	-	613.82
Loans	3.48	-	3.48
Investments	26.93	-	26.93

**(i) Trade & other receivables:**

The Company has an established process to evaluate the credit worthiness of its customers to minimise potential credit risk. Credit evaluations are performed by the Company before agreements to render services are entered into with prospective customers. Outstanding customer receivables are regularly monitored. One customer of the Company individually accounted for more than 70% of the outstanding trade receivable as at March 31, 2025 (March 31, 2024: One customer).

The Company's major customers includes public sector undertakings. Accordingly, the Company's customer credit risk is low. The Company's average project execution cycle is around 12 to 24 months. General payment terms include monthly progress payments and certain retention money to be released at the end of the project. For private customers, the Company evaluates the creditworthiness based on publicly available financial information and the Company's historical experiences. The Company's exposure to its counterparties are continuously reviewed and monitored by the Chief Operating Decision Maker (CODM) being the Board of Directors (Board). Credit period varies as per the contractual terms with the customers. Company doesn't have significant financing component in the contracts with customers.

**Solarworld Energy Solutions Limited**

(Formerly known as Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PLC255455

Notes forming part of the standalone financial statements for the year ended March 31, 2025

(Amounts are ₹ in millions unless otherwise stated)

**Expected credit loss for trade receivables:**

Particulars	As at March 31, 2025	As at March 31, 2024
<b>Ageing of gross carrying amount</b>		
Unbilled revenue	115.18	26.03
Not due	-	-
less than 180 days	1,244.58	275.58
181-365 days	56.91	-
More than 1 year	169.74	0.26
2-3 years	0.16	-
More than 3 year	-	0.16
<b>Gross carrying amount</b>	<b>1,586.57</b>	<b>302.04</b>
Expected credit loss	(144.05)	-
<b>Net carrying amount</b>	<b>1,442.52</b>	<b>302.04</b>

**(ii) Cash and cash equivalents and other bank balances:**

Credit risk is limited as the Company generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Counterparty credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payment.

Impairment on cash and cash equivalents, deposits and other financial instruments has been measured on the 12-month expected credit loss basis and reflects the short maturities of the exposures. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of counterparties.

**2) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. The Company's financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short-term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

**Maturity profile of financial liabilities**

The following table details the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include principal cash flows along with interest. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	On demand	Less than 1 year	1-5 years	'More than 5 years	Total
<b>As at March 31, 2025</b>					
Borrowings*	107.75	371.13	2.70	-	<b>481.58</b>
Trade payables	-	623.45	-	-	<b>623.45</b>
Other financial liabilities	-	11.79	-	-	<b>11.79</b>
<b>As at March 31, 2024</b>					
Borrowings*	82.32	378.52	121.78	110.23	<b>692.86</b>
Trade payables	-	122.02	-	-	<b>122.02</b>
Other financial liabilities	-	16.31	-	-	<b>16.31</b>

\* represent actual maturities including future interests.

**3) Market risk**

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the fair market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

**Solarworld Energy Solutions Limited**

(Formerly known as Solarworld Energy Solutions Private Limited)

CIN: U15100DL2013PLC255455

Notes forming part of the standalone financial statements for the year ended March 31, 2025

(Amounts are ₹ in millions unless otherwise stated)

**(a) Interest rate risk**

Interest rate risk is the risk that the future Standalone cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to its long-term debt obligations with floating interest rates.

The Company is exposed to interest rate risk because entities in the Company, borrow funds at floating interest rates.

Particulars	As at March 31, 2025	As at March 31, 2024
<b>Financial liabilities</b>		
Fixed rate borrowings	110.81	85.31
Variable rate borrowings	370.18	525.73
<b>Total borrowings</b>	<b>480.99</b>	<b>611.04</b>

**Interest rate sensitivity - variable rate instruments**

The sensitivity analysis below have been determined based on the exposure to interest rates for financial instruments at the end of the reporting period and the stipulated change taking place at the beginning of the financial period and held constant throughout the reporting period in the case of instruments that have floating rates. A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit /loss by the amounts as under:

Particulars	Profit or loss	
	100 basis point increase	100 basis point decrease
As at March 31, 2025	3.70	(3.70)
As at March 31, 2024	5.26	(5.26)

**(b) Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The functional currency of the Company is Indian Rupees and its revenue is generated from operations in India. The Company does not enter into any derivative instruments for trading or speculative purposes. The Company borrowings are all in Indian rupees. The impact of foreign currency risk on the Company is not material.

**(c) Price risk**

The Company is mainly exposed to the price risk due to its investment in liquid mutual funds and equity investments. However, Company's equity investments are held for strategic rather than trading purposes.

There are no mutual funds as on March 31, 2025.

**39 Capital management**

The Company manages its capital structure in a manner to ensure that it will be able to continue as a going concern while optimising the return to stakeholders through the appropriate debt and equity balance.

The capital structure of the Company consists of debt, cash and cash equivalents and equity attributable to equity shareholders of the Company which comprises issued share capital (including premium) and accumulated reserves disclosed in the statement of changes in equity.

The Company's management reviews the capital structure of the Company on an annual basis. As part of this review, the management considers the cost of capital and the risks associated with each class of capital. The Company's plan is to ensure that the gearing ratio (debt equity ratio) is well within the limit. No changes were made in the objectives, policies or process for managing its capital during the year ended March 31, 2025. The group reviews its dividend policy from time to time.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

- net debt (total borrowings and lease liabilities net of cash and cash equivalents)
- divided by total 'equity' (as shown in the balance sheet, including non-controlling interests)
- there have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the reported period.

Particulars	As at March 31, 2025	As at March 31, 2024
Current borrowings	477.95	440.05
Non current borrowings *	3.04	170.99
Less: Cash and cash equivalents including bank balances	(1,199.00)	405.04

**41.1 MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006**

The amount due to Micro, small and medium enterprise as per the "Micro, small and medium Enterprise Development Act, 2006" (MSMED) has been determined to the extent such parties have been identified on the basis of information available with the Company. The disclosure relating to micro, small and medium enterprises ('MSME') are as under:

Particulars	As at March 31, 2025	As at March 31, 2024
The Principal amount and the interest due thereon remaining unpaid to any supplier as at the end of the period	35.47	8.55
Interest due on above	-	-
The amount of interest paid by the buyer in terms of Section 16, of the Micro, Small and Medium Enterprises Development Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during the period.	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of the accounting period.	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.	-	-

**42 Segment reporting:**

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance.

The Company is primarily engaged in the business of engineering, procurement and construction (EPC) relating to solar power project. Information reported to and evaluated regularly by the chief operating decision maker (CODM) for the purposes of resource allocation and assessing performance focuses on the business as a whole and accordingly, in the context of Operating Segment as defined under the Indian Accounting Standard 108, there is single reportable segment.

**Other information**

Revenue from three customer of the Company represents 93.86% (March 31, 2024: 93.52%) of the Company's total revenue.

**Geographical information**

All non-current assets of the Company are located in India.

Solarworld Energy Solutions Limited  
 (Formerly known as Solarworld Energy Solutions Private Limited)  
 CIN: U15100DL2013PLC255455  
 Notes forming part of the standalone financial statements for the year ended March 31, 2025  
 (Amounts are ₹ in millions unless otherwise stated)

**43 Capital and other commitment**

Particulars	As at March 31, 2025	As at March 31, 2024
Estimated amount of contracts remaining to be executed on capital account (net of advance)	314.56	-

**44 Contingent liabilities**

Particulars	As at March 31, 2025	As at March 31, 2024
Disputed statutory liability of Company (refer note (i))	7.71	7.71
Corporate guarantees for financial obligations of other related party (refer note (ii))	65.42	70.27
Corporate guarantees for financial obligations of subsidiary (refer note (ii))	660.16	-
Corporate guarantees for financial obligations of joint ventures (refer note (ii))	2.78	9.48

- (i) Disputed demand for Income tax includes a dispute of Rs. 7.71 millions for financial year 2022- 23 between the Company and income tax department for which the Company has filed appeals with respective authorities. The Company also believes that the above issues, when finally settled are not likely to have any significant impact on the financial position of the Company.
- (ii) The Company had provided a corporate guarantee to the bank for financing extended to joint venture, subsidiary and related party. In the event that the joint venture, subsidiary and related party fails to meet its repayment obligations of loan, the Company will be required to fulfill the loan obligations. However, corporate guarantee was issued based on the joint venture, subsidiary's and related party creditworthiness and its strong repayment history, with no prior defaults. Therefore, the Company has not recognised a liability in relation to this corporate guarantee given to joint venture and related party. The impact of corporate guarantee commission is not material to the Company.

2	<b>Debt-equity ratio (in times)</b>	0.15	0.91	-83.15%	Variance is due to increase in net worth
3	<b>Debt service coverage ratio (in times)</b>	1.85	0.91	102.55%	Variance is due to increase in profit
4	<b>Return on equity ratio (in %)</b>	46.11%	114.15%	-59.60%	Variance is due to increase in net worth
5	<b>Inventory turnover ratio (in times)</b>	254.64	265.99	-4.27%	N/A
6	<b>Trade receivable turnover ratio (in number of days)</b>	6.26	19.76	-68.30%	Variance is due to increase in trade receivables
7	<b>Trade payable turnover ratio (in number of days)</b>	9.22	32.53	-71.66%	Variance is due to increase in trade payables
8	<b>Net capital turnover ratio (in number of days)</b>	2.66	6.38	-58.30%	Due to increase in working capital
9	<b>Net profit ratio (in %)</b>	16.04%	9.72%	65.02%	Variance is due to increase in profit
10	<b>Return on capital employed (in %)</b>	34.44%	56.79%	-39.37%	Variance is due to increase in profit
11	<b>Return on investment (in %)</b>	7.97%	10.04%	-20.60%	Variance is due to interest income on fixed deposit has increased compared to the previous year leading to a higher return on investment in fixed deposit

**Formula:**

1	Current ratio = current assets / current liabilities
2	Debt-equity ratio = Total debt / shareholder's equity
3	Debt service coverage ratio = Earnings available for debt service / debt service
4	Return on equity ratio = Net profit after taxes / average shareholder's equity
5	Inventory turnover ratio = Cost of goods sold / average inventory
6	Trade receivables turnover ratio = Net sales / average account receivables
7	Trade payables turnover ratio = Net purchases / average trade payable
8	Net capital turnover ratio = Net sales / Average working capital
9	Net profit ratio = Net profit after taxes / net sales
10	Return on capital employed = earning before interest and taxes / average capital employed
11	Return on investment = Interest from investment / average investments

**Solarworld Energy Solutions Limited**  
 (Formerly known as Solarworld Energy Solutions Private Limited)  
 CIN: U15100DL2013PLC255455  
 Notes forming part of the standalone financial statements for the year ended March 31, 2025  
 (Amounts are ₹ in millions unless otherwise stated)

**46 Share based payment expenses**

**a) Description of share based payment arrangements**

The Company has the following share based payment arrangement for employees:

**Solarworld Employee Stock Option Plan 2024 ("ESOP 2024/SCHEME")**

The Company has implemented Employee Stock Option Scheme 2024 ("ESOP Scheme 2024") as approved by the shareholder on September 18, 2024. The scheme entitles employees of the Company to purchase shares in the Company at the stipulated exercise price, subject to compliance with vesting conditions. The vesting conditions are mix of service and performance based conditions.

Scheme details	Grant date	No. of options granted	Exercise price (₹) per option	Vesting period
Employee Stock Option Scheme 2024 (ESOP Scheme 2024)	December 19, 2024	77,256	5.00	2.3 years

Share based payment expenses recorded in these standalone financial statements is based on fair value of stock option which is measured using the Black-Scholes-Merton formula.

**The number and reconciliation of the options under the "ESOP 2024/Scheme" plan are as follows:**

**b) Reconciliation of outstanding share options**

	As at March 31, 2025	As at March 31, 2024
Outstanding at the beginning	-	-
Granted during the year	77,256	-
Exercised during the year	-	-
Forfeited and expired during the year	-	-
Outstanding at the end	77,256	-
Exercisable at the end	-	-

**c) The fair values per option for options granted during the year is measured based on the Black-Scholes model, which is as below:**

Scheme	Number of options	Fair value per option	Vesting date
ESOP 2024/Scheme	77,256	343.68	March 31, 2027

**The fair value of options mentioned above are calculated on the grant date using the Black-Scholes-Merton Model using the following assumptions:**

**d) Assumptions**

	For the year ended March 31, 2025	For the year ended March 31, 2024
Risk free interest rate	6.82%	-
Expected volatility	41.28%	-
Expected life	2.3 years	-
Dividend yield	0.00%	-

e) During the year, the Company has recorded a share based payment expense of Rs. 3.26 millions in the standalone statement of profit and loss.

**47 Material regrouping**
