

# LIQUID COOLED ESS CONTAINER 5015KWH

SMART ENERGY. STRONGER FUTURE

ADVANCED | BUILT FOR PERFORMANCE | RELIABLE

# Liquid cooled ESS Container 5015 kWh

## About the product

A next-generation liquid-cooled energy storage platform is built on advanced prismatic LFP ESS cells (3.2 V / 314 Ah), delivering exceptional cycle life alongside industry-leading safety and performance. Engineered with enhanced protection and reliability at its core, the system is optimized to meet the highest standards of safety, efficiency, and long-term performance. It is ideally suited for industrial, utility, and grid-serving applications.

## Product Features & Advantages

### High Performance

- Premium LFP battery with liquid cooling system
- High power density, compact design
- Scalable up to GWh capacity
- High thermal stability

### Assured Safety

- Fire safety design secures minimal risk and loss
- Aerosol Fire Suppression for Precise Protection
- IP67 for battery, IP55 for container
- Advanced fault detection and response

### Intelligent Design

- Advanced energy management system
- Advanced three-level battery management system
- Supports remote monitoring and maintenance

### Flexible Adaptability

- Supports on-grid & off-grid
- Cell-level balancing and smart temperature Control

## Product Specifications

**Rated Energy**  
5015 kWh

**Battery Chemistry**  
LFP (Lithium Iron Phosphate)

**Cell**  
3.2V/314 Ah  
Prismatic

**Configuration**  
1P416S\*12

**Nominal Voltage**  
1331.2V

**Voltage Range**  
1164.8-1497.8 V

**Charging & Discharging Power**  
0.5P/0.5P

**Cooling Method**  
Liquid-cooled

**BMS**  
Three Level BMS (Rack, Cluster & Pack)

**BMS Communication**  
CAN, RS485, Ethernet

**Protection Features**  
OVP, UVP, OCP, OTP, SCP

**Encloser**  
IP55

**Fire Suppression System**  
Multi-stage, active fire protection system

**Operating Temperature**  
-30°C to +55°C

**Dimensions (W\*D\*H)**  
W6058\*D2438\*H2896 mm (20HC)

**Certifications\***  
IEC62619, IEC63056, IEC62933, IEC62477-1, IEC6100-6-2/4, UN38.3

**Applications**  
Utility-scale, C&I, and Residential

**Cycle Life**  
≥ 8000 cycles @ 90% DOD@25°C
